

Energy's Express Freight Service

For The Fastest Delivery To The World

History, Mission and Goal

Our History

International Courier System was founded in the mid '80's on the sole premise of superior service. Since inception, ICS has been dedicated to serving Houston businesses' specific market need for an expedient and reliable worldwide freight service.

Our Mission

ICS pledges to meet and exceed our customers' needs by offering personalized service which utilizes cutting edge technology.

Our Goal

To be recognized as Houston's foremost authority in international express freight.

Levels of Service

Specials - An expedited standard service that can shorten transit time by 1 day. IE. next day service to Paris, France or perhaps next day service to London, England, even when shipping on Sunday.

Air Freight - Door to airport and door to door service with one charge. ICS will quote one charge on a kilo or per pound basis. There are no other add-ons such as “pick up” or “airport transfer” charges. In addition, your shipment will depart on the next available flight ---we do not consolidate with other shippers. We do however provide our warehouse for your consolidation.

International trade shows - Getting your trade show materials into another country does not need to be problematic. ICS’ knowledgeable specialists will coordinate all of your trade show shipping needs. From crating to completing required customs documentation, ICS can be of assistance. Years of experience ensure all your hardware, software and literature will arrive on time---we take care of all the details for you.

Other Services

In-bound shipments - ICS will arrange clearance and delivery for your imports to your door.

Hazardous goods - ICS is licensed to package and ship hazardous goods. Consult our operations department for more information on this type of service.

Packaging - ICS offers a complete line of crating and packaging services.

Warehousing and Fulfillment - ICS will warehouse upon request and ship on demand with 24-hour security.

Documentation - a complete service in international documentation including letters of credit, legalization, carnets, commercial invoices, shippers export declaration (s.e.d.), certificate of origin and hazardous goods documentation.

Thank You For Your Inquiry,

International Courier System, Inc.

Amenities

IATA Certified

Availability of service - 24 hours a day - everyday

Documentation - most forms of customs documentation are prepared at no charge. However, there are charges assessed for legalization but only at cost. And a Letter of credit is billed on a modest basis.

Proof of delivery - proof of delivery is furnished on every invoice and upon request ICS will also give you verbal notification upon arrival at destination.

Tracking - Station-to-station and Individualized tracking of each shipment is always part of our service.

Free domicile - Upon request, International Courier System will prepay any duties assessed by customs. Free domicile shipments will greatly speed delivery time and eliminate the consignee's need to arrange shipment release from customs at destinations.

Warehousing - ICS will warehouse upon request and ship on demand with 24-hour security.

Pre-printed airbills - ICS will pre-print shipper and consignee information on our airbills for you at no charge. (for courier customers)

Packaging - A complete line of boxes and tubes are available for our customers' packaging needs. (for courier customers)

Multiple destination shipments - When shipping calendars, manuals, brochures, software updates or promotion material, ICS will pack and address each package at no charge. (for courier customers)

Shipment advice - Our operations department will keep you informed of all freight shipment details by email and or fax.

Bonded drivers - all ICS drivers are carefully selected and bonded.

ICS vehicles - are company owned and clearly marked to ensure that our customers feel secure about the safety of their shipments.

Insurance - each shipment is automatically insured for \$100.00. Unlimited additional coverage is available upon request.

Serving Every City on the Globe!

ICS services every city on the globe and is only prohibited to delivery in areas of U.S. embargo or civil unrest.

**The following country information is designed for the energy sector
For other countries of interest, please call for specific information**

Angola

Geography

Located between Gabon to the North, Zaire in the East and Namibia in the South, Angola is an ex-Portuguese colony, which recovered its independence in 1975. It is one of the largest countries of Africa, very mountainous and hard to access.

Main Economic Topics:

The Angolan Economy is strictly linked to the petroleum production and to the development of crude. Mining is the 2nd non-official revenue of Angola, mainly producing diamonds in the eastern part of the country.

ARGENTINA

Geography

Located in Southern South America, bordering the South Atlantic Ocean between Chile and Uruguay. The Climate is mostly temperate arid in the southeast and sub-anti Arctic in the southwest. Argentina is the 2nd largest country in South America with a landmass of over 1,068,000 square miles, supporting a population of nearly 37,000,000 people.

Main Economic Topics:

Argentina benefits from rich natural resources and an export-oriented agricultural sector as well as a diversified industrial base. Despite the relatively high level of growth in recent years, Argentina is faced with double-digit unemployment and an incredibly high level of inflation.

BRAZIL

Geography

Located in the Eastern portion of South America, bordering the Atlantic Ocean. As a note of interest, Brazil is the largest country in South America consisting of over 3,286,000 square miles and a population of nearly 172 million. Brazil is also unique as it shares a border with every country in South America with the exception of Chile and Ecuador. The climate is mostly tropical and the terrain consist of flat or rolling lowlands to mountains rising as high as 9800 feet

Main Economic Topics:

Brazil possesses a large and well-developed industry of agricultural, mining, manufacturing and service sectors. Inflation has been stabilized since 1994 and now boast a consumer cost increase of only 2 percent in 1998 compared to more than 1000% in 1994.

Cameroon

Geography

Located in Western Africa bordering Equatorial Guinea and Nigeria. Cameroon has a total area of 183,568 square miles or comparatively speaking, slightly larger than California. Cameroon is also home for over 15,000,000 people. The climate varies with terrain, tropical along the coast to semiarid in the north.

Main Economic Topics:

Because of its oil resources and favorable agricultural conditions, Cameroon has one of the best-endowed primary commodity economies in sub-Saharan Africa.

Door-to-Door Overnight

ICS offers document service to Canada in 24 hours. Upon request, same day document and freight service is also offered to most major cities, which would include oil related areas such as Calgary and Edmonton. Same day service is based on individual pieces weighing less than 400 pounds with acceptable dims. ICS will route all shipments on 1 or more of 3 direct daily flights, which depart IAH beginning at 08:00 and end at 20:00.

Express Services:

- 7/24 service
- Door to door or door to airport service to Canada
- Standard transit is overnight
- Daily service from Houston with no consolidation
- Warehouse facilities at no additional charge for your consolidation of consignments

COLOMBIA

Geography

Located in Northern South America, bordering the Caribbean Sea, between Panama and Venezuela, and bordering the North Pacific Ocean, between Ecuador and Panama. The climate is tropical along the coast and eastern plains but cooler in the highlands. Colombia has a population of over 39 million people who reside in an area of nearly 440,000 square miles.

Main Economic Topics:

The Colombian economy is heavily dependent upon oil export but has other industries supporting the economy. In 1998 a sharp downturn in export earning drove the economy into recession. Colombia relied on other industry sectors such as textiles, food processing, clothing, beverages, chemicals, cement, gold, coal and emeralds.

Congo

Geography

Located in Western Africa, bordering the South Atlantic Ocean, between Angola and Gabon. The Congo has a population of approximately 3,000,000 people with a total area about the size of Montana. The climate is tropical with constantly high temperatures and humidity.

Main Economic Topics:

The economy is based on village agriculture and handicrafts with the industrial sector based largely on oil and oil support services. Oil has supplemented forestry as the mainstay of the economy, providing a major share of government revenues and exports.
